

RESTAURANT MENU

Well, hi there, traveller through Transylvania!
We are happy to have guests!

We are delighted that you have chosen to visit these beautiful lands
and that you have crossed our doorstep. We were waiting for you!

Inasmuch as we know that you don't start a long journey on an empty stomach,
it would be our pleasure to take this trouble off your mind.

We have prepared for you some of the best dishes, suitable for all tastes,
both from our traditional Romanian and Hungarian cuisine,
as well as from the secret Székely Land recipes, collected from the locals,
about which we found out that the word also went abroad.

We know that nothing in this world is as good without bread,
so here you can find traditional stone oven bread like you've never eaten before!
If we have traditional rustic bread, the dairy products made in our own factory,
in the famous De Colțești (Torockói) factory, could not be missing either.

The jams, the pickles and the Zacusca too, they are all prepared
in Székely Land according to our special recipes.

Enjoy your meal!

If you have any food intolerances or allergies, you can find the list of ingredients and allergens attached to each dish, or you can tell a member of our staff about them before ordering. We are here to find together the best option for you!
